

The Royal Institution of Chartered Surveyors has seen many distinguished guests here in the course of business

Tony Blair & the Chief Rabbi, Jonathan Sacks, were up on their [5th floor President's Suite terrace](#) to record the Chief Rabbis New Year message in September 2007

On arriving at the terrace, which overlooks Parliament Square, Big Ben & the London Eye, Tony Blair was heard to comment....'what a wonderful view, why didn't I know about this before...?'
